

We hope you enjoyed your Gray Wolf 101 WolfLink Presentation!

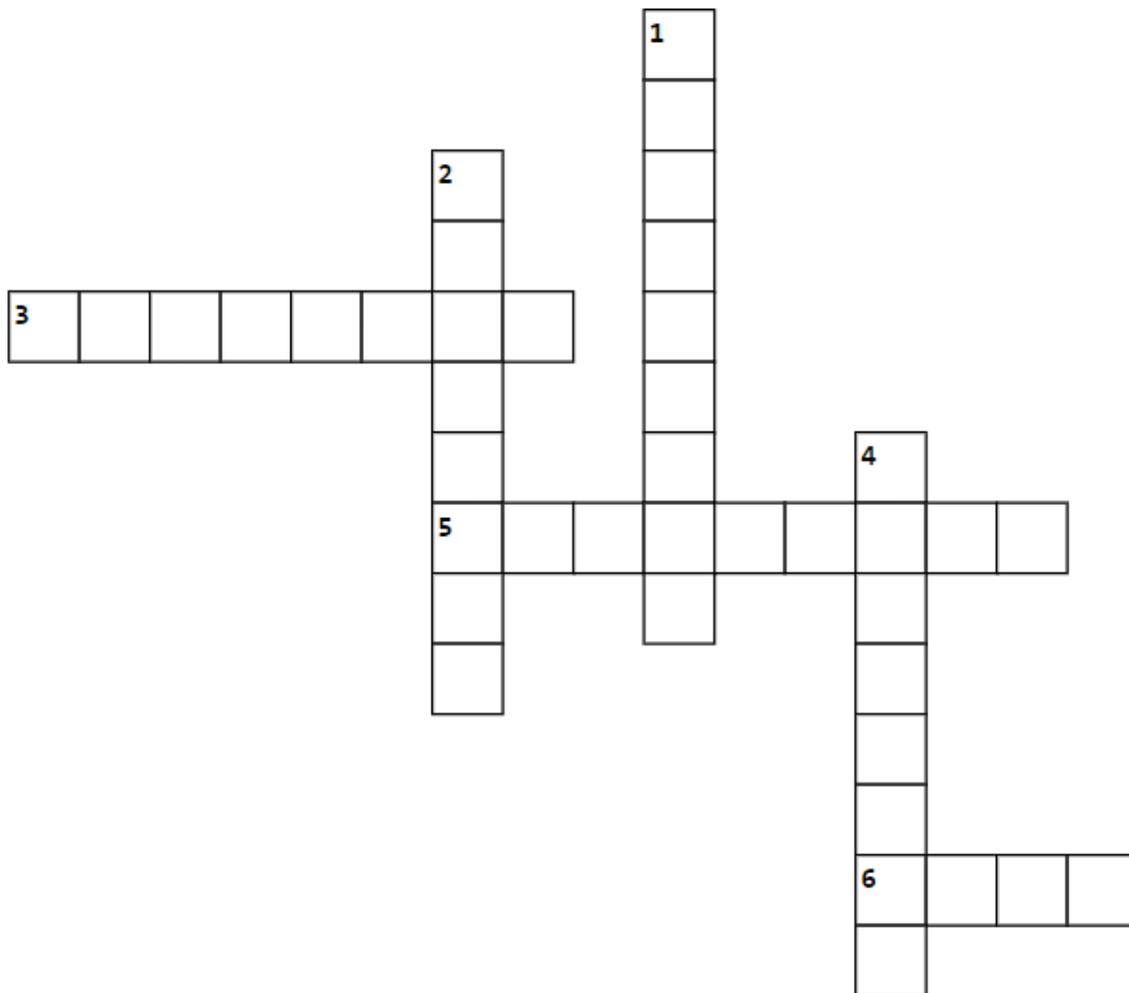

Test your wolf knowledge! Decide if these statements are true or false.  
Mark a T for true and an F for false in the space next to each statement.

- \_\_\_\_\_ A pack of wolves is usually a family.
  
- \_\_\_\_\_ When wolf pups are born, they can see and hear.
  
- \_\_\_\_\_ Wolves are not very territorial. They don't mind sharing their territory with other packs.
  
- \_\_\_\_\_ Wolves will chorus howl with their packs to mark their territory with sound, letting other wolves know they are there.
  
- \_\_\_\_\_ Wolves eat mostly plants.
  
- \_\_\_\_\_ Wolves' main source of food is ungulates, or hooved mammals like moose, deer, and bison.
  
- \_\_\_\_\_ Wolves' large paws act like snowshoes, allowing them to walk on top of the snow.
  
- \_\_\_\_\_ Wolves usually select the stronger prey in a herd.
  
- \_\_\_\_\_ Wolves communicate with vocalizations (sounds), body language, and olfaction (scent).
  
- \_\_\_\_\_ Wolves only live in forests.

These discussion questions can help you retain the wolf knowledge you gained!

1. Do you think it is easy to be a wolf in the wild? Why or why not?
2. What do you think wolves like to eat if they could catch it?
3. What is your favorite way wolves have adapted to hunt down prey much bigger than themselves, like moose?
4. If you were a wolf, how would you communicate with the other wolves in your pack?
5. What can you do to help wolf populations and the places they live?

## Vocabulary Crossword Puzzle
